

Apple Course

Ages 2-3

Apple Course (Ages 2 - 3)

Semester Program

September to January

February to June

Class duration: 35 min

Max class size: 8 students

Two-year-olds are filled with raw creativity and are without inhibitions, approaching everything with passion and curiosity. When given the right tools to express themselves, watch as their artistic flair takes over. Designed for two-year-olds, our lessons enable your toddler to enjoy music the fun way with you. We foster your little one's love for music by teaching them how to 'listen' through fun activities like singing, body movements and playing with rhythm. It's a great way to spend quality time bonding with your little one.

I Like Singing

In this interactive sing-along session, your child will learn how to sing enjoyable songs together with you. With easy yet interesting lyrics, your child will soon begin to develop a love for singing.

Joyful Rhythms

In this section, your child will explore different musical rhythms by playing on percussion instruments and responding to the music rhythmically.

Musical Fantasy

Every child loves a story. We make our tales come alive with a combination of stories, music and pictures guaranteed to leave a lasting impression and develop your child's imagination.

Teacher's Recital

A time for appreciation. Each lesson, our teachers play pieces on the Clavinova or piano so your child can listen and learn to appreciate the beauty of music.

Play With Music

This is where your child's hearing ability is developed. Through guidance, the ability to distinguish contrasts in music is achieved.
